REMARKS

This Preliminary Amendment is being submitted before the first Office Action. Applicants submit a petition under 37 CFR §1.59[b] for Expungement of Information, including fee described under 37 CFR §1.17(h). No further fees are believed to be due. However, the Commissioner is hereby authorized to charge fees, if any, to the Assignee's Deposit Account 16-2480.

Applicants have included a copy of the original filing receipt and indicated as stricken, the priority claim that Applicants request be removed.

Applicants, using this Preliminary Amendment, withdraw the priority benefit of Provisional Application Serial Number 60/406,829, filed August 29, 2002. The present Application now claims benefit of Priority under Title 35, United States Code 119(e) from Provisional Application Serial No. 60/455,977 filed March 18, 2003; and Provisional Application Serial No. 60/448,749 filed February 20, 2003. Applicants request corrected Filing Receipt indicating a new projected date of publication.

This preliminary amendment should delay the publication of the application. Applicants would like to add a provision that if the application publishes based on the priority date of the withdrawn Provisional application, Applicants reserve the right to reinstate said priority claim.

No new matter has been added. Applicants request that Preliminary Amendment be entered and the priority claim of the present application be modified accordingly.
